

# Boy Scout Troop 465 communicates announcements and events using CommunitySafe

## Client Overview

Boy Scout Troop 465 is part of the William Henry Harrison District of the Dan Beard Council of Greater Cincinnati. Their chartering organization is St. Aloysius Gonzaga Catholic Church in Bridgetown, Ohio.

The mission of the Boy Scouts of America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

Boy Scout Troop 465 began using the CommunitySafe application in February 2007. The organization was in need of a communication tool to reach all troop members and their families. Especially important was the capability to deliver one message at the same time to the entire troop regarding events and troop announcements.

**Mr. Meister explains, "Our overall experience with CommunitySafe has been great! The set-up was painless and with basic knowledge of Excel and uploading files, maintenance is a breeze."**

Troop leaders have received positive feedback from parents about the messages. With an eight-member troop, leaders find CommunitySafe to be much easier and more convenient than previous methods in dispersing vital information.

While on vacation, Mr. Meister saw first-hand the convenience and ease in using CommunitySafe. When an emergency situation arose, he was able to record and send a call from 1,000 miles away. In addition, he received confirmation from CommunitySafe within 12 minutes that the message was received.

**"I have recommended CommunitySafe to other Boy Scout troops. Every aspect of the application makes it appealing. The set-up is quick and easy. I have found that there is no substitute for consistent and reliable information. I am also impressed with the flexibility of CommunitySafe. I know it will be very helpful in the future as we send messages for recruitment purposes."**
